

The **International Center for Innovation, Transformation and Excellence in Governance (INCITEGov)** is a policy research and advocacy center that catalyzes and provides support to democratic movements and reform initiatives in the Philippines. It firmly believes in the democratic process and the rule of law as the bedrock of the Philippine society.

INCITEGov was founded in August 2005 by a group of former senior government officials as a membership-based, non-profit organization. Its core membership is drawn from civil society leaders and members of the academe who have crossed over to public service and back.

MAJOR DONOR PARTNER:

SUPPORTING FREEDOM AROUND THE WORLD

INCITEGov

International Center for
Innovation, Transformation and
Excellence in Governance

VISION

INCITEGov envisions a vibrant democracy where citizens are empowered to collectively pursue and participate in accountable and transparent governance in order to achieve an equitable, prosperous, peaceful, diverse, just, and sustainable society.

MISSION

We work in partnership with democratic networks and forces to deepen democracy in the country, imbued with the conviction that meaningful development can only be achieved when all sectors, particularly the vulnerable and marginalized, collectively, freely and responsibly participate in democratic politics and transparent, accountable, and inclusive governance that delivers responsive and equitable development outcomes.

GOAL

We contribute to creating conditions for a vibrant democracy by growing a deepened political consciousness and political education, and an empowered citizenry manifested in support for democratic candidates at all levels.

STRATEGIC DIRECTIONS FOR 2022-2025

1. Strengthen and consolidate the collaboration among and between local, national and international organizations, strategic sectors and networks;
2. Increase civil society appreciation, participation and support for electoral efforts that ensure democracy and good governance at the local and national levels;
3. Deepen the understanding and practice of democracy and power, especially among the youth, grassroots communities and organized sectors that connect the practice of politics with good governance and development outcomes;
4. Build social media capacities to work against mis/disinformation and towards the articulation of grassroots-based narratives that capture people's imagination and support; and
5. Build INCITEGov membership and capacities to achieve its VMG (Vision, Mission, Goal).

Let's work for democracy!

DISCOVER P-G-D

INCITEGov's strategy is informed by its **P-G-D (democratic politics-good governance-development outcomes) framework**, which seeks to advance the public's understanding of how democratic politics enhances the practice of good governance, which in turn mobilizes sustainable, collective action that can be harnessed to attain development goals.

VOLUNTEER

We welcome volunteers and interns who would like to be involved in our various projects/programs.

PARTNER WITH US

We would love to work with democracy advocates and institutions with whom we share the same goal.
